

## Stiga Collector 53 S Combi

A self propelled straightforward lawnmower with collector.

The lawnmower is excellent when a very effective collection is important. The model can also supply other needs. When you need to work through really high grass, you just drive without the collector.

Equipped with the new STIGA SV 40 engine that has a genuine float carburettor, which makes it extremely easy to start. And a balanced crankshaft that gives lower vibrations and a longer life.

The standard is very high regarding performance and environment friendly features.

Cutting width is 51 cm.
